EBBOT LUNDBERG, NOW FLYING SOLO. THE NEW ALBUM "FOR THE AGES TO COME", OUT ON FEBRUARY 26, 2016.

EBBOT LUNDBERG has now hooked up with **THE INDIGO CHILDREN**. Ebbot and the band entered the studio to record the epic upcoming **FOR THE AGES TO COME** which will be released on February 26, 2016. The album is a 42 minute great odyssey consisting of new songs written and produced by Ebbot Lundberg.

The album also contains two mind blowing cover songs, "Calling from Heaven" (Cerca De Las Estrellas) originally by Spanish cult band LOS PEKENIKES and "Don't Blow Your Mind" by ALICE COOPER.

Watch out for FOR THE AGES TO COME February 26, 2016. Enjoy!

EARLIER YEARS:

EBBOT LUNDBERG has made a name for himself as the charismatic frontman and bandleader of two of Scandinavian rock history's most important and influential acts. First, as the energetic madman of the subversive underground rock'n'roll band UNION CARBIDE PRODUCTIONS (1986-1993), and secondly with the more pop/rock/psychedelic act THE SOUNDTRACK OF OUR LIVES (1994-2012).

THE SOUNDTRACK OF OUR LIVES won several grammy awards in Sweden, and their 3rd album "Behind The Music" was also nominated at the American grammies for best rock/indie album which led to a lot of TV-show appearances with hosts like David Letterman, Jools Holland, Jay Leno, Conan O'Brien etc.

After THE SOUNDTRACK OF OUR LIVES split in late 2012 (after seven albums and endless world touring) Ebbot released a very trippy instrumental album titled, "THERE'S ONLY ONE OF US HERE" (2012) and an even more spaced out album with "THE NEW ALCHEMY" (Live 2013 at Ales Stenar together with artists Clay Ketter, Per Svensson and saxophonist Mats Gustavsson).

HOW ABOUT FIVE BILLION IN DIAMONDS?

Ebbot has also started a project with members from PORTISHEAD, SPIRITUALIZED, OCEAN BLUE and legendary producer BUTCH VIG called THE FIVE BILLION IN DIAMONDS which also will be released later in 2016.
